1299 DICKIE LAKE Road, Baysville,
Ontario, P0B1A0

Welcome to the beautiful spring fed waters of highly sought after Dickie Lake.

Accessed by a year round municipal road, this cottage is located near the end of a bay resulting in minimal boat traffic. In 2000, the cottage was virtually rebuilt including a large addition. The septic system was also completed at this time. The steel roof also adds to the low maintenance and peace of mind associated with this fantastic cottage. Featuring a large, primarily flat lot with 145 feet of water frontage, there is an abundance of usable space for family activities and very good lateral privacy. Desirable West exposure, water facing primary bedroom with walk out to deck, deep water off the dock and a shed with hydro round out the features. Make this a must see today!
