Getting a waterfront cottage in Haliburton under \$550,000 doesn't happen that often. This could be your chance. Horseshoe Lake is one of Haliburton's favourites and part of the two lake chain including Mountain Lake. Just minutes from Minden for all your summertime needs. The large waterfront level lawn is perfect for games, lounging or a nighttime fire. The cottage is older and will want some updates, but the building appears sound and ready for you to make it your own. The waterfront is clean and sandy. Great for swimming. The southern exposure will provide lots of sun all day long. For some added excitement the Minden White Water Park is just steps away. A great spot for a walk, a picnic, a place to relax and watch the kayaks and canoes, or maybe take a lesson? Heading out on the lakes will give you hours of enjoyment as you cruise the water. If location is important, and a chance to build future value, while you use it today, you don't want to let this one pass you by.
