Single Family

1346 IS 980/DEER Island, Georgian Bay,
Ontario, P0E1E0

Less than 10 minutes by boat from several local marinas and you're at your cottage. The maintenance free cottage is a little over 1,000 square feet and features 3 bedrooms which includes 2 beds and two sets of bunks. The living room is spacious and enjoys lots of natural light and an airtight woodstove to take the chill of during cooler periods. The kitchen is designed to have lots of counterspace and has a breakfast bar next to the dining nook. You'll love the front deck with outside dining area and the second deck perched atop the bluff with elevated views out to North Bay of Honey Harbour. The sleeping cabin has two more bunk beds and a loft for lots of extra guests. The path from the cottage down to the shore is adorned with flower gardens. Down by the bay, there's a shore platform to enjoy the sun and watch the world go by and a newer steel tube dock system with lots of deep water for docking and diving. For the little swimmers, there's even a shallow sandy nook for easy entry. Just moments away, North Bay of Honey Harbour is a great spot for watersports. The docking slip and parking spots where the owners keep their boat will be available and the boats will also be available for sale. (id:50245)
